**Subject:** Coal Mine in Alton, Utah

In re: C/025/0005

Dear Daron Haddock:

We are asking you to please consider the possibility of a slurry to transport the coal from the mine to a loading location. We believe that you will find that in the end game of the finances it would be the better option. Thank you for your kind consideration of the matter which would impact so many travelers to Southern Utah if implemented as proposed.

We join with the concerned residents of Panguitch who are requesting an informal conference"  
Per: R645-300-123

Most sincerely,

Philip and Harriet Priska
